RE: Tap Fee rate increase

This letter is to request an increase in the Districts tap fee. The current rate for a meter tap fee is \$400.00 and has been since August 28, 1998. Over the past twelve years the cost of supplies has gone up considerably. The District is requesting the tap fee be increased to \$650.00 to cover the increased cost.

The enclosed tariff sheet has been signed by our chairman for the revised tariff filing. Also enclosed are copies of seven meter settings from this year showing the actual cost and a list of all meter settings for this year showing the cost of each setting and the average cost this year.

If you need any additional information please let me know.

Sincerely,

Sherri Greene,
Co-Manager
